

Practical Action – Wind Power Challenge

Students are given minimal materials and asked to design a wind powered machine that can lift a weighted cup off the floor.

Teachers instruction sheets, related video clips and even certificates are provided.

Suitable for KS2 – 4, this renewable energy challenge puts students' competitive spirits to the test.

More details at <http://practicalaction.org/wind-power-challenge-stem>.

All schools in Wales who request a STEM Ambassador can borrow the Wind Power Challenge equipment from their local STEM Ambassador Hub – See-Science – free of charge. Contact enquiries@see-science.co.uk.
